

How to Activate Easy Duplicate Finder by Email

1. Start up and run Easy Duplicate Finder and press “Register Now” button as shown on the screen below

2. On the next screen enter your license key (XXX-XXX-XXX) and click on the “[Activate by email](#)” link. Reminder: the license key was provided to you after placing an order from our website.

3. Easy Duplicate Finder will create a new email message and open it in the default email program installed on your PC. Please send this message to support team, and please do not modify any of the email text.
4. The support team at Easy Duplicate Finder will generate an activation code and an expiration date in the form of 4 parameters.

Example:

L=JP4-PUN-5EZ

E=2012-02-19

A=f061c227c64d271a78851a523614648bbc7eafaf

S=ddeb340e46ffa45b6f92a38f00758588dcd3c28e

5. The support team at Easy Duplicate Finder will include these 4 parameters in our email reply to the user.

Email example:

Dear ...

Thank you for registering Easy Duplicate Finder.

Your activation information is:

L=JP4-PUN-5EZ

E=2012-02-19

A=f061c227c64d271a78851a523614648bbc7eafaf

S=ddeb340e46ffa45b6f92a38f00758588dcd3c28e

To register Easy Duplicate Finder:

- a) Select your activation information using mouse or keyboard.
Please make sure you select all 4 parameters like this:

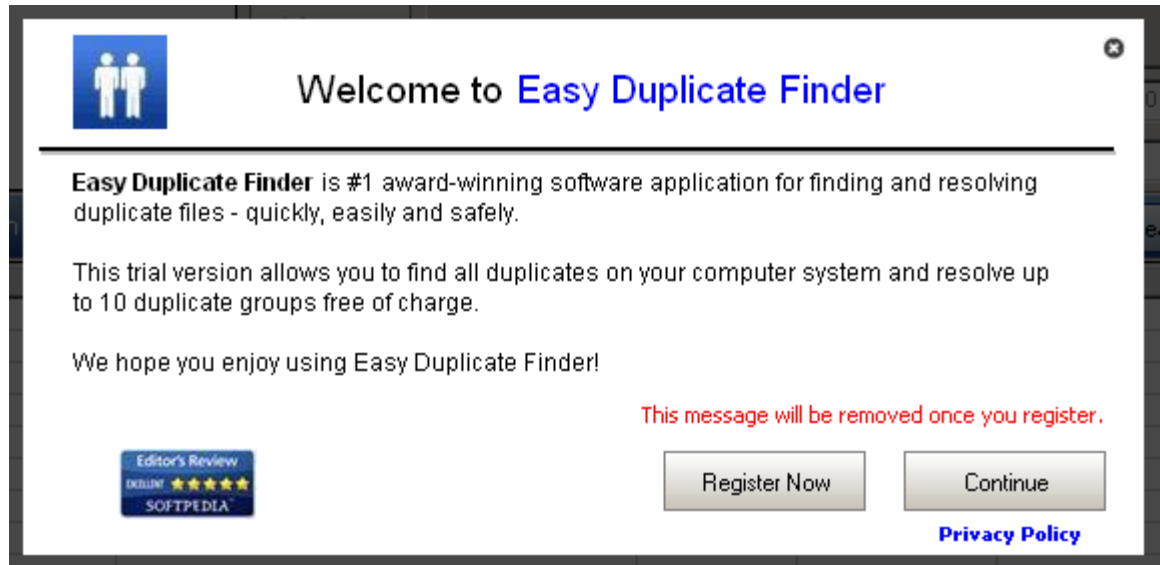

L=JP4-PUN-5EZ

E=2012-02-19

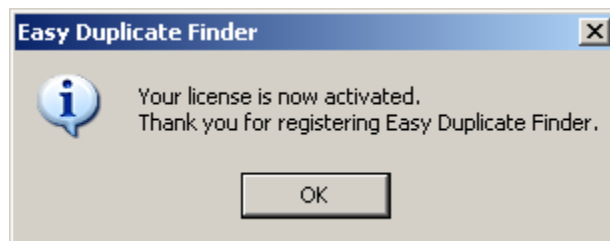

A=f061c227c64d271a78851a523614648bbc7eafaf

S=ddeb340e46ffa45b6f92a38f00758588dcd3c28e

- b) Copy selected text to clipboard (ctrl+c or right-click on selected text and select "Copy" in popup menu.
- c) Please run Easy Duplicate Finder and press "Register Now" button once you are prompted to register our software:

d) Once you press “Register Now” button you will see confirmation message:

- e) If you do not see the confirmation message you will be placed into license activation screen:

While you see the screen above repeat step (a) copy activation information into clipboard. As soon as you copy all 4 parameters into clipboard Easy Duplicate Finder will unlock itself and you will see confirmation message described in step (d).
